### Rejection even after death to Duraisammy

Deeply sadden to know my dear friend uncle Mr.Duraisamy 77 years old, left this world on Wednesday 13-11-2019. He was Snehan beneficiary, where I went and reunited him

with his family in kallakurichi three years back. But, again he came back to street because of family pressers. He was working with Snehan for about one year, later he went back to street because of alcoholic addiction, which he could not overcome. Ten days back, Snehan staff came to know he is sick, the staff called his daughter for five days regularly to come and take him back home, but they were indifferent with Snehan staff. But nobody came to see him; he died on the street as a destitute as if he had no body in this world. Sad, own people ignored him because he had nothing with him. It pained me badly. Many tears... May his soul rest in peace

### Medical support to neglected old & sick Paramasivam

Mr. Paramasivam, 80 years old man became homeless after his brother cheated him the property of his share. He is not married; And he came to Pondicherry to kill himself but some-how he survived. He never talks with anyone, but talks to himself. I tried to know about him but he was never shared anything with me. Last 15 days he is sick, lying without any medical support or food. Few days back Snehan staff noticed him helpless health condition and taken action for medical treatment. After Government hospital refusal to admit him, he was taken to PIMS where he was given basic treatment and medicine. Hope to see his health restoration.
