

THE REJECTED WASTE BECAME OUR RESOURCE

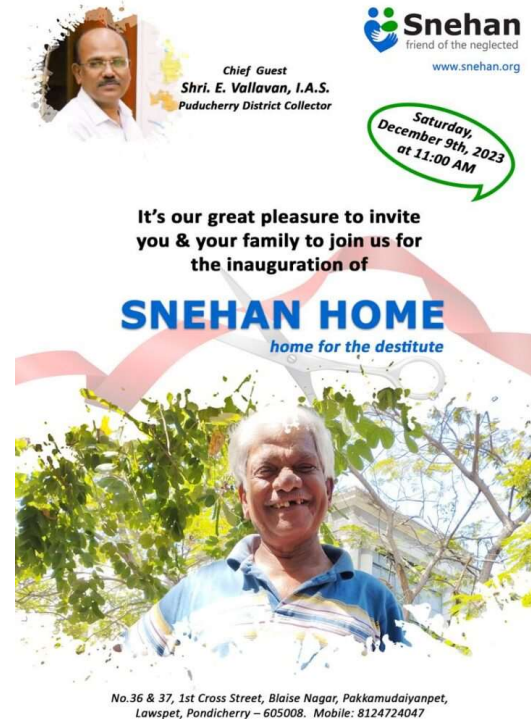

This cool looking campus never existed without our hard work. Present Snehan Home campus was unused for many months. When we spotted, we had a dream to reshape and make this campus as beautiful as possible, but the resource was very little in our hand. Visited many waste dump yards to gather something usable in our campus. We collected lots of waste bricks stones at free of cost in our Snehan Tricycle we gathered as much as possible to lay the foundation for this beautiful garden. We bought secondhand oil cane to make bench pillar, now you can see this beautiful garden where 25 people can sit comfortably to attend meeting or to have food.

I take this opportunity to thank all our good and supportive friends, who gave their best of effort in making this campus beautiful.

Long waited, my dream and passion is just in reachable steps. Yes on the 9th of December 2023, Snehan Home (for the neglected old people) is going to be inaugurated by our honourable Puducherry District Collector at 11 am onwards. To come to this day, it has taken many years and so much of effort and resources. I believe this small steps of our will bring blessing on many underprivileged.

We look forward to see you in person to bless our humble activities. Also we take this opportunity to thank you for all your support in bringing this dream alive.

PUDUCHERRY DISTRICT COLLECTOR INAUGURATED SNEHAN HOME

It was a great pleasure to invite Shri. Dr. E. Vallavan I.A.S the District collector of Puducherry to inaugurate the Snehan Home at Lawspet Puducherry. He gave a very simple but very powerful message for all of us and encouraged us to value our parents.

Snehan Home is residential short stay rehabilitation cum care & support centre for the neglected old people in Puducherry. We had about 100 guests in person to bless the new venture. Even though we had good rain and disrupted

the stage decoration and our planned program, we had a meaningful and heart touching occasion. The guest of honour was Mr. G. Karthikeyan, (founder, Sristi Foundation) who gave an encouraging message about the social needs in Puducherry that was eye-opening for all the guests. We had Mr. Mukkesh Jain, a key member of Rotary Club (Beach Town) who always will to connect and support the needy. We had RBR Amul, a donor who gave us the hospital beds and mattress. The list would go on... at this movement I want to take this opportunity to thank all the dear and people who stand with me in this journey to bring in our society. You all mean so much to me and to society.

Two of our staffs don't know their birthdays dates and never celebrated, for them we fixed a day 26th of December and made them cut cake and

Very little is known about Mr.Rajesh Kumar, who lives on the streets of Pondicherry since 2 years. He is 67 years old, very lively with the people whom he meets on the streets. For two years he was in the watch list of Snehan NGO; he survived by the generosity of the by-passers, since one month he was not to be seen. On the 27th of December 2023, Anumuthu found him sick on the streets, not eaten for 15days, high fever and body pain crippled at one place with much suffering.

After knowing his condition, Snehan NGO rushed him to JIPMER hospital for emergency medical assistance. He went through a medical investigation and was admitted for the treatment. Now he is undergoing treatment, we hope he will get well soon and back to normal health. If anyone knows his family please contact us.
